

MOTOR VEHICLE MECHANIC

We are looking for an experienced Mechanic to join our team. The successful candidate will be responsible for diagnosing and repairing vehicles, performing routine maintenance, and advising customers on any necessary repairs. The ideal candidate will have a strong knowledge of automotive systems and components, as well as the ability to use diagnostic tools and specialised equipment. A successful Mechanic must also be able to work independently and efficiently in order to meet customer needs.

Responsibilities:

- Diagnose and repair automotive systems such as engines, transmissions, brakes, and electrical systems.
- Inspect vehicles for mechanical issues.
- Perform routine maintenance such as oil changes, tune-ups, and tire rotations.
- Test drive vehicles to diagnose and identify problems.
- Use diagnostic tools to identify problems with vehicles.
- Keep records of maintenance and repair work performed on vehicles.
- Explain mechanical problems and repairs to customers.
